Disclaimer for DS Project

Introduction

The DS Project operates as a decentralized social media platform powered by blockchain technology. By accessing or using the DS Project's platform, services, or native token (DSC), you acknowledge and accept the terms of this Disclaimer. This document outlines the responsibilities, limitations, and risks associated with your use of the DS Project.

1. General Information

- The DS Project is a decentralized platform that enables users to share content, interact with others, and participate in a blockchain-powered ecosystem.
- The DS Project does not guarantee any specific outcomes, earnings, or benefits from using the platform or holding DSC tokens.
- All decisions made while using the DS Project are the sole responsibility of the user.

2. No Financial Advice

- The information provided on the DS Project platform, including content created by users or the platform team, is for informational purposes only.
- The DS Project does not provide financial, investment, legal, or tax advice. You should consult a professional advisor before making decisions related to DSC tokens or other financial activities.

3. Risks Associated with Blockchain Technology

By using the DS Project, you acknowledge and accept the inherent risks associated with blockchain technology, including but not limited to:

1. Volatility:

o The value of DSC tokens may fluctuate significantly due to market conditions, demand, and other factors.

2. Security:

o While the DS Project employs robust security measures, blockchain transactions are irreversible, and the platform cannot recover lost funds due to user errors or external breaches.

3. Regulatory Risks:

o Blockchain and cryptocurrency regulations may vary across jurisdictions, and changes in laws could impact the use or legality of DSC tokens or the platform.

4. Platform Limitations

- The DS Project operates on a decentralized infrastructure, which may result in slower processing times, network congestion, or service disruptions.
- The DS Project is not liable for any data loss, technical issues, or unavailability caused by external factors, including but not limited to:
- o Blockchain network failures.
- o Node outages or operator errors.
- o Cyberattacks or force majeure events.

5. User Responsibility

- Users are responsible for securing their accounts, private keys, and wallets. Loss of access to your account or wallet may result in the permanent loss of DSC tokens or data.
- Users are solely responsible for the legality and compliance of their activities on the DS Project in their respective jurisdictions.

6. Content and Community Conduct

- The DS Project does not endorse or take responsibility for user-generated content shared on the platform.
- Users are expected to adhere to the platform's Terms of Use and community guidelines. Violations may result in account suspension or other corrective actions.

7. No Guarantees or Warranties

The DS Project is provided on an "as-is" and "as-available" basis. The DS Project makes no representations or warranties of any kind, express or implied, regarding:

1. Platform Performance:

- o The DS Project does not guarantee uninterrupted or error-free services.
- 2. Accuracy of Information:
- o The platform content, including user-generated materials, may not be accurate, reliable, or up-to-date.
- 3. Token Value:
- o The DS Project does not guarantee the stability, liquidity, or future value of DSC tokens.

8. Legal Compliance

- Users are responsible for understanding and complying with the laws applicable to their use of the DS Project, including but not limited to:
- o Tax obligations for cryptocurrency transactions.
- o Restrictions on blockchain technology or token usage in specific jurisdictions.

9. Limitation of Liability

To the fullest extent permitted by law:

- 1. No Liability for Losses:
- o The DS Project is not liable for any direct, indirect, incidental, or consequential damages arising from your use of the platform or DSC tokens.
- 2. Third-Party Interactions:
- o The DS Project is not responsible for any disputes, losses, or damages resulting from interactions with third parties on or outside the platform.

10. Forward-Looking Statements

• Any statements about the DS Project's future plans, goals, or developments are forward-looking and subject to risks and uncertainties. Actual results may differ due to factors beyond the platform's control.

11. Changes to the Disclaimer

• The DS Project reserves the right to update or modify this Disclaimer at any time to reflect

changes in platform operations, technology, or legal requirements.

• Continued use of the platform after updates indicates acceptance of the revised Disclaimer.

By participating in the DS Project, you acknowledge that you have read, understood, and agreed to this Disclaimer. You accept the risks associated with using a decentralized platform and assume full responsibility for your actions, decisions, and interactions on the platform.

The DS Project strives to provide a transparent, fair, and innovative ecosystem for all users. However, it is crucial that users act with caution, secure their accounts, and make informed decisions while engaging with the platform.

Privacy Policy for DS Project

Introduction

At the DS Project, we are committed to protecting your privacy and ensuring that your personal data is handled responsibly. This Privacy Policy outlines how we collect, use, store, and protect the information of our users. By participating in the DS Project and utilizing our platform, you agree to the practices described in this policy.

1. Information We Collect

We collect data to provide a seamless, secure, and personalized experience for all users. The types of information we may collect include:

- (1) Personal Data:
- o Name, email address, and other identifiers provided during account registration.
- o Wallet addresses for blockchain transactions.
- (2) Usage Data:
- o Interaction patterns on the platform, such as posts, likes, and follows.
- o Device information, such as IP addresses and browser type.
- (3) Blockchain Data:
- o Public data associated with transactions on the DS Project's
- (4) Optional Data:

o Profile pictures, bios, or other optional personal information shared by users.

2. How We Use Your Information

The information collected is used solely to enhance your experience and ensure the platform's functionality. Specifically:

- (1) To Operate the Platform:
- o Facilitate secure and efficient use of the DS Project's decentralized social media platform.
- (2) To Enhance User Experience:
- o Provide personalized recommendations, optimize content delivery, and improve user interactions.
- (3) To Ensure Security:
- o Detect and prevent fraudulent activities, secure accounts, and maintain the integrity of the platform.
- (4) To Comply with Legal Obligations:
- o Adhere to regulatory requirements and respond to lawful requests.

3. Decentralized Data Storage

The DS Project leverages decentralized technology to ensure maximum privacy and user control:

- (1) User-Controlled Data:
- o Data is stored on decentralized nodes, accessible only with user authorization.
- (2) Encryption:
- o Personal information is encrypted before being distributed across the network.
- (3) No Centralized Repository:
- o The DS Project avoids centralized data storage, reducing vulnerability to breaches and unauthorized access.

4User Rights

As a user of the DS Project, you have full control over your data. Your rights include:

- (1) Access to Data:
- o View and manage the personal information associated with your account.
- (2) Data Portability:
- o Transfer your data to another platform or download it for personal use.
- (3) Right to Erasure:
- o Request the deletion of your account and associated data from the DS platform.
- (4) Transparency:
- o Receive clear information on how your data is being used and the purposes of processing.

5. Security Measures

We prioritize the security of your data through robust technological and procedural safeguards:

- (1) Blockchain Technology:
- o Immutable and transparent blockchain records ensure data integrity and accountability.
- (2) Encryption Standards:
- o Advanced encryption techniques protect sensitive information during storage and transmission.
- (3) Regular Audits:
- o The DS Project undergoes periodic security audits to identify and mitigate potential vulnerabilities.

6. Sharing and Disclosure

We do not sell, rent, or share your personal information with third parties, except as necessary to:

(1) Provide Services:
o Collaborate with trusted partners to deliver platform features (e.g., wallet integrations).
(2) Ensure Legal Compliance:
o Respond to lawful requests from government authorities or comply with regulatory requirements.
(3) Protect Platform Integrity:
o Detect, investigate, and prevent malicious activities or policy violations.
7. Cookies and Tracking Technologies
While the DS Project emphasizes privacy, minimal tracking may be used to enhance functionality:
(1) Types of Cookies:
o Session cookies for seamless navigation. o Analytical cookies to understand platform performance.
(2) Opt-Out Options:
o Users can manage cookie preferences or disable non-essential cookies.
8. Privacy in a Decentralized Environment
Operating on a decentralized platform introduces unique privacy considerations:
(1) Public Blockchain Data:
o Transactions on the DS blockchain are publicly visible but anonymized (e.g., wallet addresses instead of personal identifiers).
(2) User Responsibility:
o Users are encouraged to practice good security hygiene, such as safeguarding private keys and passwords.
(3) Immutable Records:

o Blockchain transactions are permanent and cannot be altered, ensuring data transparency and accountability.

9. Changes to the Privacy Policy

The DS Project may periodically update this Privacy Policy to reflect changes in technology, legal requirements, or platform functionality. Users will be notified of significant updates, and continued use of the platform indicates acceptance of the revised policy.

The DS Project is dedicated to creating a decentralized social media platform that prioritizes user privacy, transparency, and security. By leveraging blockchain technology, we empower users to take control of their data and foster a digital ecosystem built on trust and innovation.

Term of use for DS project

Introduction

Welcome to the DS Project! By accessing or using our decentralized social media platform, services, or associated applications, you agree to comply with and be bound by the following Terms of Use. These Terms govern your rights and responsibilities while using the DS Project. If you do not agree to these Terms, please refrain from using our platform.

1. Acceptance of Terms

By creating an account, accessing our services, or interacting with the DS Project in any manner, you:

- Confirm that you are at least 18 years old or have the legal capacity to enter into these Terms in your jurisdiction.
- Agree to comply with all applicable laws and regulations while using the platform.

2. The Nature of Decentralization

The DS Project operates on a decentralized platform, which means:

- Content and data are distributed across a network of nodes, not controlled by a single entity.
- Some platform features rely on blockchain technology, and transactions may be publicly visible and immutable.
- You are solely responsible for securing your account credentials and private keys. Loss of access due to negligence may result in irreversible data or asset loss.

3. User Responsibilities

- 3.1. Account Security
- You are responsible for maintaining the confidentiality of your login credentials and private keys.
- Immediately notify the DS Project of any unauthorized access to your account.
- 3.2. Prohibited Activities

While using the DS Project, you agree not to:

- 1. Post or share illegal, harmful, abusive, or misleading content.
- 2. Engage in fraudulent activities or violate intellectual property rights.
- 3. Exploit platform vulnerabilities or disrupt the platform's functionality.
- 4. Use bots or automated systems to manipulate the platform.
- 3.3. User-Generated Content
- You retain ownership of any content you create and share on the DS Project.
- By posting content, you grant the DS Project a non-exclusive, worldwide license to distribute, display, and promote your content within the platform.

4. Blockchain Transactions and DSC

The DS Project utilizes blockchain technology and a native token, DSC (Decentralized Social-media Coin). By participating in blockchain-related activities, you acknowledge:

- 4.1. Transactions
- All transactions on the blockchain are final and irreversible.

• You are responsible for ensuring the accuracy of your wallet addresses and transaction details.

4.2. Fees

- Blockchain transactions may incur network fees, which you are responsible for covering.
- 4.3. Rewards and Use of DSC
- The DS Project may reward users with DSC based on participation and contributions.
- DSC can be used within the platform according to the rules outlined in the Economic Model. The DS Project is not liable for any loss of DSC due to user error or external factors.

5. Privacy and Data Usage

The DS Project respects user privacy. Please review our Privacy Policy for detailed information on how your data is handled. Key points include:

- The DS Project minimizes data collection and prioritizes user-controlled privacy.
- Some data (e.g., blockchain transactions) may be publicly visible due to the decentralized nature of the platform.

6. Platform Governance

The DS Project incorporates decentralized governance, allowing users to participate in decision-making. However:

- Governance proposals and decisions are subject to the rules and voting mechanisms outlined in the platform's governance framework.
- The DS Project reserves the right to intervene in cases of abuse, fraud, or legal violations.

7. Intellectual Property

- The DS Project owns all intellectual property related to the platform, including software, trademarks, and visual elements, except for user-generated content.
- You may not reproduce, distribute, or modify the DS Project's intellectual property without written permission.

8. Limitation of Liability

To the fullest extent permitted by law:

- The DS Project is not responsible for any loss, damage, or liability arising from your use of the platform.
- This includes, but is not limited to, losses resulting from:
- o Blockchain errors or delays.
- o Unauthorized access to your account.
- o Disruptions in platform functionality.

9. Termination

- The DS Project reserves the right to suspend or terminate your account if you violate these Terms.
- You may terminate your account at any time by following the account deletion procedures outlined in the platform.

10. Changes to Terms

The DS Project may update these Terms from time to time to reflect changes in platform functionality, legal requirements, or other considerations. You will be notified of significant updates, and your continued use of the platform constitutes acceptance of the revised Terms.

11. Governing Law

These Terms shall be governed by and construed in accordance with the laws of the jurisdiction where the DS Project operates. Any disputes arising from these Terms shall be resolved through arbitration or in courts of competent jurisdiction.

The DS Project is dedicated to building a fair, transparent, and user-driven decentralized social media ecosystem. By adhering to these Terms of Use, you contribute to a secure and thriving community where privacy, innovation, and collaboration are valued.

Thank you for being part of the DS Project!
